

It's the time of year to be thinking of winter weather!

For school closings and late starts due to ice & snow check the school website first www.heartlandlutheran.org Cancellations and late starts will also be posted on local TV websites and broadcast from local radio (KRGH) & TV (KHAS, KHGI) The websites are updated more quickly than broadcasts. So keep checking.

Since we have students coming to HLHS from several counties, weather may be worse where you live than here in Grand Island. Please use your best judgment if you feel conditions are unsafe to send your student(s). Please notify the school office 385-3900 (leave a message if we don't pick up) if your child is staying home because of the weather.

ALSO

If we have a late start, do not bring your student until shortly before start time. Building **will not be open** or staffed until then. On late start days we **will not** serve hot lunch. Students are to bring a sack lunch.
